Professional Summary

black

Computer Science & Engineering student specializing in **Data Science and Artificial Intelligence** with hands-on experience in **Python, machine learning, exploratory data analysis (EDA), and predictive modeling**. Skilled in transforming raw data into actionable insights using data preprocessing, visualization, and model evaluation techniques. Seeking a Data Science Internship to apply analytical skills to real-world business problems.

Education

black

Integral University, Lucknow

Aug 2023 – May 2027

B.Tech in Computer Science & Engineering (Data Science & AI)

CGPA: **9.0/10**

St. Peter's School, Raebareli

Intermediate (PCM): 64%

2023

High School: 82.33%

2021

Experience

black

Data Science Intern

Jul 2025 – Aug 2025

Urban Noise Pattern Analysis via Mobile Recordings

- Developed a mobile-based system for collecting and analyzing urban sound datasets.
- Performed **data cleaning, preprocessing, and feature extraction** on audio data.
- Conducted **exploratory data analysis (EDA)** to identify temporal and spatial trends.
- Built and evaluated machine learning models for noise classification.
- Designed dashboards to visualize findings and communicate insights.

Projects

black

Urban Noise Pattern Analysis via Mobile Recordings

Python, Scikit-learn

- Processed citizen-generated audio data to classify urban noise patterns.
- Applied **feature engineering, EDA, and predictive modeling**.
- Developed classification models using Scikit-learn and evaluated performance.
- Created visual reports using Pandas and Matplotlib.

Technical Skills

black

Programming: Python, Basic Java, Basic C

Data Science: EDA, Data Cleaning, Data Wrangling, Feature Engineering, Predictive Modeling, Statistical Analysis

Machine Learning: Classification, Regression, Model Evaluation, Cross Validation, Scikit-learn

Libraries: Pandas, NumPy, Matplotlib, Seaborn

Tools: Jupyter Notebook, Google Colab, Git, GitHub, VS Code

Database: MySQL

Certifications

black

- IBM: Data Science 101, Statistics 101, Data Science Tools
- IBM: Data Visualization with Python, Build Your Own Chatbot
- IBM: Cloud Application Developer
- NPTEL: Programming in Java
